

How do I engage with EPOS?

18/03/2025 - EPOS Days 2025 @Perugia

EPOS ON is funded by the European Union. Views and opinions expressed in this presentation are however those of the Author(s) only and do not necessarily reflect those of the European Union. Neither the European Union nor the granting authority can be held responsible for them.

- The whole event is an exercise in engagement with old and new stakeholders...
- EPOS community
 - Scientists (TCS)
 - ECR
 - IT experts
- "New" communities
- International partners
- National nodes and structures

Do you represent a research organisation or other data producer?

Want to become a data provider?

- Browse the existing Thematic Core Services (TCS) and contact the TCS (or TCSs) that better fit
 with your research interests.
- If you're from a community which is not involved in EPOS yet but would benefit from the infrastructure, or from a European country which is not yet a member let's discuss the available options together.
- If you're from outside the EU and would like to collaborate, check out the existing collaborations: https://www.epos-eu.org/partners-epos or contact us

... Ask to EPOS

- Ask Everything You Always Wanted to Know About EPOS
- Let us know if there's something more we could do to engage with old and new communities...
